

The European projects [HarveStore](#), [EpiStore](#), [HyP3D](#) and [24/7 ZEN](#) announce the 4<sup>th</sup> edition of the “The Power of Interfaces” workshop, which will take place on **3<sup>rd</sup> – 5<sup>th</sup> April 2024**.

Following the last successful meeting, where we hosted over 200 participants, the workshop will be held in-person at the [Caixa Forum](#) of Palma de Mallorca (Spain), where we will discuss the latest advances in:

- New materials for energy;
- Solid-state devices for energy storage and conversion;
- Advanced manufacturing;
- Advanced characterization techniques;
- Modelling;
- Micro and nanotechnologies for energy devices.

The workshop will comprise of invited, keynote, contributed talks and posters.

The event will be preceded by an **international spring school** covering aspects from fundamentals of materials to devices and systems. The spring school will take place on **April the 3<sup>rd</sup>** in the same venue and will be co-organized by EpiStore, HarveStore, HyP3D and 24/7 ZEN.

**Registration and abstract submission: [here](#)**

**Limited places available! Deadline Jan. 15<sup>th</sup> 2024**

The workshop registration fee is **100 EUR** and includes participation to spring school. Participation to the spring school fee is **100 euros** in case you are not participating to the workshop.

**You can download the abstract template [here](#)**

## Travel to Palma de Mallorca

The city of Palma de Mallorca is the capital city of the Balearic Islands in Spain and situated on the island of Mallorca. It is accessible from most major airport hubs in Europe including London, Paris, Madrid, Barcelona, Milan, and Frankfurt. For those wishing a more leisurely trip, it is also accessible by ferry from mainland Spain. The island is a [major tourist attraction](#), therefore early booking is advised. The average daily temperature in April are very pleasant around 20 °C.
